## Judge & Clinician: Chad Chance, CJF Pilot Point, TX

---

Having graduated from Oklahoma Horseshoeing school in 1984, he then went on to earn a Master's Degree from Texas Tech University and furthered his education by becoming a Certified Journeyman Farrier. His journey as a farrier began by working alongside a north Texas farrier, Danny Anderson. From there he continued his education by working with and learning from many different farriers.

He has lived and worked in the north Texas area for the last three decades, where he has had the opportunity to shoe many AQHA, Congress and World Champions. I have shod open and amateur champions in the APHA, NCHA, NRHA, AHA, APPHA and APRHA. In 2003 he shod the National Reining Horse Association Futurity Champion. He's an active member of the American Farriers Association, the Texas Professional Farrier's Association and the World Championship Blacksmiths

He currently shoes a wide variety of horses. He was a member of the American Farriers Team in 2015, 2016, and the 2018 World Championship Blacksmiths Team. Working through the process of earning his CJF and becoming an active competitor shaped his farrier business and changed his life. Having to get outside of your own box and allowing other people to judge your work, has helped him to realize that you can never stop learning and developing your skills as a farrier. He looks forward to meeting and sharing with you what he's learned over the years.
